to Preschoolers... About **HEALTH!**

November 16 - 22, 2008

The State Library of Kansas & the Kansas Center for the Book are once again proud to promote the importance of reading to Kansas preschoolers & other youth. In our fourth year of sponsorship, this year's book written by Karma Wilson, is *Bear Feels Sick*. Supporting our endeavor, this website <http://skyways.lib.ks.us/orgs/kcfb/bear.htm> will provide program suggestions and opportunity for you to share your related ideas and activity pictures!
